ABOUT ME

Hello, I'm Victor Aarão, front-end developer and student.

Currently, I study and develop applications using technologies such as JavaScript, React, React Native, Node.JS and TypeScript.

I have experience with C language and routines in Oracle database. Furthermore, I have knowledge in UI/UX and some of its tools. (Figma, Photoshop, Illustrator).

I'm passionate about technology and dream of being a reference full-stack developer!

WORK EXPERIENCE

2021-2022

INTERN

Câmara Municipal/ Lorena - SP

As an intern I work in areas such as FUI, learning more about Design and developing skills for creations.
